

## **Post Presentation Discussion for Recommendations to King Richard II**

### **What should King Richard II do for future of England?**

#### **Politics:**

**Should there be greater separation between the government and the church?**

**Should we give peasants/merchants more say in the government and less to land owners?**

- What will England look like 25 years from now?
- How will your recommendation impact the war with France?
- What evidence do you have from the document to support this?
- How will your recommendation impact relationship with Rome? Why important?
- How do you propose the recommendations occur? (practicality)
- What alternatives do you see to the current relationship?

**What would the impact of separating the church from government be on the church?**

#### **Religion:**

**Will England be more moral and cohesive with a unified church, or individual conscience?**

- Why is the church important in society?
- What is your greatest fear? (for either change/tradition)
- What is your greatest hope? (for either change/tradition)
- If I rule in your favor, will this fix the problem we started with?

#### **Economics:**

**Is it time to move to a new economic system not based on land, but on a merchant economy?**

- How would the recommendation impact 100 Years War with France?
- How will this impact the land owners?
- How will this impact the towns?
- How will this impact peasants?
- How will this impact our taxes?
- How will this impact politics and power?

**What should be the top priority to Richard II? What is the most important change?**

**Who is in Parliament? How will your recommendation impact them?**
