Re: _____

In the space below write a brief memo to President Jackson advising him how to respond to each event he faced in his presidency. In your response, you must: 1. Present your position clearly 2. Defend your position using two valid arguments 3. Present at least one counter point to your position 4. Provide a response to that counterpoint explaining why you do not recommend that course of action. 5. Give President Jackson an idea of what to expect if he follows your plan. What do you predict will happen next?
