

# WOULD YOU BETRAY YOUR FAMILY?

**Dangerous radicals want to separate us from our Mother Country.**

Only you can stop them!

**The traitors say we owe nothing to England.**

How could we have come to this land without support from our mother land? How would we have survived attacks from blood-thirsty Indians without the protection of British soldiers?

**Lawbreakers say we should not pay British taxes.**

We are English citizens; part of the most powerful and good nation on earth. Will we behave like spoiled children and take from our family without contributing anything to the cost of supporting the household?

**The rebels say they are fighting for our freedom.**

Merchants, ministers, and doctors who have opposed rebel policies have been threatened and beaten. Is this violent silencing of speech the sort of "freedom" we want in our country?

**Oppose ungrateful criminals who would abandon civilized society for the rule of the mob!  
Stand up for your rights as British citizens.**

# SHOW YOUR LOYALTY. OPPOSE THE REBELS
