

## Group Historical Perspective Synthesis Scaffold

After reading your primary source documents, collaborate with your group to answer these questions about the historical perspective you will provide for the Council. **Be specific and provide historical evidence from your documents to support your answers.**

Who am I? (Describe your historical point of view and the societal groups you represent)

What have I been through?

What does society think about me?

How has the Black Death effected my life and people like me?

What motivates me?

What makes me angry?

What do we want this Council to do?

How would the Council's actions make life better for us?
