### **Government Witnesses**

Your job is to help your character by asking them an opening question during the hearing and then posing questions to his/her enemy that will make them look bad. You want your question to your character to allow them to explain why they are taking the actions they are and build sympathy for their case. You should prepare 2-3 questions for each of your character's enemy. You may change the wording or use different ones in the actual hearing, but this will help you prepare for each enemy and find out what negative actions they may have been taking against your character.
