Hello Mr. Williams,

I hope you are good. I want to ask if you can help me make appeal for my case. I think some things in trial were not fair, and I want to see if we can look at them again. I want a chance to tell my side of what happened. Please tell me how we can do this. I thank you for your help.

Thank you,
Hector Espinoza

Dear Mr. Espinoza,

Thank you for contacting me about your case. I must regretfully inform you that the deadline for filing an appeal has passed. Moreover, you signed an appeal waiver during the original proceedings, which further complicates the situation. I understand this isn't the news you were hoping for. Unfortunately, nothing more can be done for your case.

Sincerely,
Steven Williams

Hello Mr. Williams,

I know about deadline and paper I signed, but I think my 6th Amendment rights mean I can have appeal if there was problems in trial. Please think again if there way for my rights to be used. I want to talk more and see all we can do.

Thank you for your help.
Hector Espinoza

Client Note:
This is an email exchange I had with my lawyer asking him to ask for an appeal and him refusing to do so.
